

Muse Machine Parents' Association Directors' Luncheon

Dear Muse Parent: The experience of the Muse musical is an unforgettable one for our children. Years ago, fellow parents began the tradition of this luncheon so that after the kids have spent months with the creative team and after the final curtain falls, we can come together as parents for a casual lunch with each other and the same creative team, to hear the stories, talk, laugh and say thanks. This is the one occasion when the students are not involved (they will have their own Wrap Party), but instead this is a time for the parents, family members and those who have supported the students to share time together. Each member of the creative team moves from table-to-table between each course so that we all get to be a part of the different conversations and stories. The event is always funny and moving and is a perfect way to wrap up these past months.
